The Young Man's Fancy

is supposed to turn to love in the spring, and we might add—to thoughts of clothes of brighter hue and more stylish cut than in the fall.

The Smart-Sack

Three Button Sack exemplifies what the swell C. & B. tailoring does for the nobby young man of to-day who has a cultivated taste for dressing well. The fine tailored appearance at purchase is continued after wearing it. Made of well-shrunk selected fabrics, cut short-waisted and slightly full over the hips. The tailored touch in the design of the front and cut of the lapels makes it the select young man's expression of

Custom Tailor Style

as seen in the metropolitan cities. What does it cost to dress so well? CROUSE & BRANDORF, Manufacturing Tailors, Utica, N. Y., answer that question with garments that make possible the wearing of clothes of individual effect at fair prices.

THE BEE HIVE

WELCOMED TO CALIFORNIA

Ten Thousand Enthusiastic People Cheered Themselves Hoarse.

INTRODUCED TO GOVERNOR

After Dinner and a Drive Over Redlands the President's Party Departed.

Redlands, Calif., May 7.—Today President Roosevelt was formally welcomed to California before a crowd estimated at 10,000 people, when the president's train arrived here at noon.

President Roosevelt was presented to Governor Pardee and Lieutenant-Governor Anderson. The party then took their places on a balcony where all the members of the legislative committee and ladies and prominent local committee were seated. Governor Pardee, in a brief address welcomed the president to California. Assemblyman G. T. Johnson then delivered an address of welcome in behalf of the state legislature. A great throng cheered itself hoarse when the president arose to respond.

Immediately after the close of his speech the president was escorted to the dining room with his party, legislative party and the local reception committee. Governor Pardee sat on the president's right and Mayor Fowler on the left. The affair was informal and there were no addresses. Half an hour later the presidential party was driven over the city.

The party left here at 3 o'clock for San Bernardino where a short stop was made. The night will be spent at Riverside.

LOS ANGELES NEXT STOP.

Riverside, Cal., May 7.—After leaving Redlands today President Roosevelt visited San Bernardino. The special train arrived here at 6 p. m. and after spending the night will proceed to Los Angeles early tomorrow.

MAY BECOME SECOND INDIANOLA INCIDENT.

Armed Men Warned Negro Letter Carrier to Quit on Pain of Death.

Washington, May 7.—The postoffice department was notified officially today that John C. Algood, a colored rural free delivery carrier, while making his regular trip near Gallatin, Tenn., was stopped by men armed and masked and he and his colored substitute were warned not to continue in the service under penalty of death. Postmaster-General Payne has suspended service on the route pending an investigation, and if the report of the affair can be confirmed, summary action will follow. The incident may become a second Indianola case.

This rural route was put in on March 1 last. There were five applications for the appointment under civil service rules as carrier.

The three men passing highest on the list were colored. Under civil service rules the postmaster-general says there is no option with the department except to appoint the person who stands highest on the list. Therefore, Allen F. Dillard, colored, was appointed. He resigned about three weeks ago, and on the 28th of last month the civil service board certified the second man on the list, John C. Algood, colored.

JAPAN ASSUMES A FRONT FOR GRIM VISAGED WAR.

Arsenals Are Turning Out Material to Be used in the Event of Hostilities With Russia.

Victoria, B. C., May 7.—The steamer Tosa Maru, which arrived this evening, brought the news from Tokyo that unusual activity is prevailing in Japan as a result of the feeling against Russia in regard to the Manchuria affair. The Japan Advertiser says that arsenals of Japan are working night and day with increased staffs and vast amounts of naval and military stores are being turned out.

A Yokohama paper says Japan is preparing for a decisive step. The Japan Times, reviewing the reports from north China, says that far from taking steps to evacuate, it is plainly shown that that Russia is engaged in active warlike preparation.

THEY WERE INSTANTLY KILLED.

Passenger Crashed Into Caboose of Work Train.

St. Paul, Minn., May 7.—Meagre re-

ports have been received of a serious accident this morning at Dexter, a small station on the Canadian Pacific railway, 50 miles west of Port Arthur, in which 12 lives were lost. A passenger train crashed into the caboose of a work train, overturning the car. The wreckage caught fire immediately. Of the men in the car 12 were instantly killed or burned to death. Eight others were seriously injured and others less seriously hurt.

WILL NOT COMMIT HIMSELF.

Cashier of the Washington Postoffice Writes, but Says Nothing.

Washington, May 7.—The greatest of today's developments in the postoffice investigation was a letter by Seymour W. Tullerch, for many years cashier of the Washington city postoffice, to Postmaster-General Payne in reply to the latter's letter requesting information. Tullerch might have to sustain his published statements charging irregularities in the postoffice department and the Washington city postoffice several years ago. Tullerch in his letter takes exception to personal comments of Payne and refrains from giving any facts bearing on the investigation suggesting that the officials to whom Payne has written have all the necessary data, if they choose to give it.

TUG LOAD OF LINEN.

Chicago Hotel Sent Out of the State to Do Its Washing.

Chicago May 7.—There is one hotel in Chicago today which has clean linen. It has a tug load of it, in spite of the fact that strikers assert no washing is being done. The manager of the hostelry chartered a tug, loaded it down with a week's washing and started it northward with instructions to bring back the cargo cleaned and ironed, even if it was necessary to go to Canada. The lake captain steamed into Kenosha, Wis., yesterday and sent word to a laundry that there was a package of soiled clothes which he wished done up in a hurry.

The proprietor of the laundry was dumfounded when his driver brought back several wagon loads of clothes, but the work was done quickly. When it was delivered notification was made that no more work would be accepted from Chicago.

PENDING DEAL CONSUMMATED.

Rock Island and Pacific Railway companies Harmonious.

New York, May 7.—President Taft of the St. Louis & San Francisco Railroad company as today made director of the Chicago, Rock Island & Pacific company. J. P. Morgan today made the following report that the deal between the Rock Island and the "Frisco" railroad had been consummated: "It is true that President Taft of the St. Louis & San Francisco Railway company was elected director of the Chicago, Rock Island & Pacific Railway company, which of course, means that the harmonious relations, which have existed for some time between the two roads, are to continue."

Financiers interpret this statement as an official acknowledgment that the long pending deal providing one management for the two roads, has been completed.

NINE LIVES CRUSHED OUT.

Huge Slide of Solid Rock Crashed Down on Miners.

Roanoke, Va., May 7.—Nine men were killed and five others injured, three of them fatally, late yesterday afternoon by a slide of rock in the east end of tunnel No. 2, at Eggleston Springs, on the Norfolk & Western railway. A huge slide of solid stone gave way on the mountain side and came down at an angle of about 45 degrees, striking a gang of laborers and crushing out the life of nine men.

AMES FOUND GUILTY.

Former Mayor Accepted a Bribe of Six Hundred Dollars.

Minneapolis May 7.—A. Alonzo Ames, former mayor of Minneapolis, has been found guilty of accepting a bribe of \$600 while mayor of this city. After being out 24 hours, held up by disagreement, the jury brought into court their verdict late this afternoon. A big crowd was present to hear the verdict.

BULGARIANS REJECT NOTE

Terms the Warning Sent By the Porte as Couched in Offensive Language.

TURKEY MUSTERS ITS TROOPS

Story of the Massacre of Many Christians Merely a Rumor.

Constantinople, May 7.—The Bulgarian government has returned the porte's note on the subject of incursions of Bulgarian bands into Macedonia, and the importation of explosives into Turkey from Bulgaria to the Ottoman commissioner at Sofia, owing to what the government of Bulgaria describes as "its offensive terms."

Vienna, May 7.—The officials of the foreign office here say that there is absolutely no foundation for the report published by a news agency in the United States yesterday that 200 Christian inhabitants of Novi-Bazar, Bosnia, have been massacred by Moslems. Austria maintains three garrisons in the district of Novi-Bazar, and everything is quiet there.

Berlin, May 7.—The Frankfurt Zeitung dispatch, which was quoted yesterday by a news agency in the United States as saying that 8000 Christians had been massacred by Moslems at Novi-Bazar, Bosnia, was an unconfirmed rumor from Belgrade, Serbia, to the effect that a massacre of Christians had occurred, but no number of persons alleged to have been killed was mentioned in the Frankfurt Zeitung dispatch.

OTHERWISE IT IS FRAUD.

If the Negro Is Not a Citizen This Government Stands Indicted.

Ashbury Park, N. J., May 7.—Elihu W. R. Denck of Flushing, in an address at the New Jersey conference of the African-Methodist-Episcopal church over which he presides said: "There is a great commotion over President Roosevelt's appointment of negroes to office. He does not do as other presidents did. Others appointed the negro because he was a negro, but President Roosevelt appoints them as men. So broad are his views, so lofty is his conception of even-handed justice that he has proclaimed to the world that the door of hope is open to every man regardless of color or previous condition of servitude. If the negro is not a citizen, then this government stands indicted before the world as a colossal fraud."

DIED TO SAVE OTHERS.

In Order to Avert Panic Mrs. Polk Perished Fighting Flames.

Chicago, May 7.—A dispatch to the Record-Herald from New York says: "Rather than give an alarm which she knew might awaken a dozen sleeping families to panic, Mrs. James K. Polk, silently and desperately fought a fire in her apartments. She paid for this with her life last night, for so badly burned was she that she died despite every effort of the surgeons."

Wealthy and herself a daughter of one of Sweden's famous artists, Mrs. Polk was married 21 years ago to Mr. Polk, whose great uncle was President of the United States.

Daughter of Rear Admiral Was Passenger on Hamilton.

Chicago, May 7.—A dispatch to the Tribune from Norfolk, Va., says: It has just been made known that one of the passengers on the steamer Ham-

ilton at the time of the disaster Tuesday, was Miss Schley, daughter of Rear Admiral Winfield Scott Schley. She, with other women passengers of the Hamilton, raised \$50 in cash, which was distributed among the Saginaw's survivors.

LOOKING OVER THE FIELD.

Senator Clark Denies That Harriman Is Interested.

Los Angeles May 7.—Senator W. A. Clark has arrived here. The senator has come here primarily in the interest of his steam railroad and secondly, to look "over the field," as he expressed it, and find out where the hitch is that is blocking his electric railway project of which three percent fares will be a feature.

Senator Clark denied that E. H. Harriman is in any way interested in the electric railway project.

Chicago, May 7.—A dispatch to the Tribune from Philadelphia, says: George H. Bigby of this city has just paid \$2100 for the original manuscript of Edgar Allen Poe's poem "The Raven." It is the most important Poe manuscript in existence, there being none of "The Raven."

BROTHER OF CZOLGOSZ

Will Be Detained In Los Angeles During the Tour of the President.

NO CHARGES ARE PREFERRED

Arrested and Confined In Jail By Orders From Secret Service Bureau.

Los Angeles May 7.—Acting under instructions from the secret service bureau at Washington, the police today arrested a man who is suspected of being one of the four brothers of Czolgosz, the assassin of the late President McKinley. Great secrecy has been maintained about the arrest and practically no information has been given out about the man. It is known, however, that he was arrested today and confined in the city jail and no charge has been lodged against him, the police simply detaining him on suspicion until after President Roosevelt shall have left Los Angeles.

It is said that Czolgosz has been living here for several months, being employed in the female factory. His actions have been, it is said, not out of the ordinary, and no complaint is made of the man other than that of his relation to the assassin of President McKinley.
